School Clothes, Shoes and Supplies

Yemin Orde's at-risk youth without families in Israel need basic school supplies to ensure they are prepared to learn and succeed in the classroom. These supplies include clothes, shoes, backpacks, notebooks, and more.

Additionally, many of the Village's fragile youth come from severely impoverished families who cannot afford the extra expense of school supplies for their children. Yemin Orde makes sure each student has the proper tools to support learning, which, in turn, builds confidence and self-esteem in the classroom.
