## Field Trips

---

Your gift provides support for field trips for Yemin Orde's youth to historic and cultural sites around Israel.

During the school year, educators plan trips for all grade levels that coincide with areas of study, in addition to offering experiential learning opportunities about Israel and its people. These trips reinforce connections to the Land of Israel and offer trips to areas that Yemin Orde's youth would not otherwise visit.

Funding supports transportation, meals, activities and, sometimes, overnight lodging.
