Running Club

Yemin Orde Youth Village's running team is one of the more popular extra-curricular activities where boys and girls train together to participate in running events throughout Israel. Every single runner is important to the group. Mutual responsibility, teamwork, and pride are important elements to the group's success.

Funding is needed to purchase proper running sneakers for Yemin Orde's youth, as well as team uniforms, and to offset the entry fees and transportation to track meets around Israel.

Running provides Yemin Orde's at-risk youth with a healthy option for safe, outdoor exercise, friendships, the commitment to a schedule and goals, and the discipline needed to improve in this sport.

It is also important for the Village's youth to see improvement in their running performance as they practice consistently, eat healthy meals, and maintain a positive attitude. The self-discipline, athletic skills and self-esteem acquired by committing themselves to the running team also applies to their studies and their lives.
